

§ 177.88

§ 177.88 Publication of notice.

Within 30 days of acceptance of a petition for detailed review, the Administrator shall publish in the FEDERAL REGISTER a notice which includes the name of the petitioner and the summary submitted in accordance with § 177.102(j).

§ 177.92 Amendments or supplements to petitions.

After a notice of a petition has been published, the petitioner may submit additional information or data in support of the petition, or may amend the petition. Any such submission or amendment shall be accompanied by an informative summary of its contents that may be published in the FEDERAL REGISTER. The Administrator shall publish a notice in the FEDERAL REGISTER to supplement the notice published under § 177.88 if:

(a) The petitioner seeks to amend the petition by:

(1) Increasing a requested tolerance, by identifying any additional food additive or additional pesticide residues to which the requested food additive regulation would apply.

(2) Identifying any additional processed food to which the requested food additive regulation would apply.

(3) Changing the method for detecting or measuring pesticide residues to be used for enforcement purposes.

(b) The Administrator finds that publication of such a notice otherwise would be in the public interest.

§ 177.98 Withdrawal of petitions.

A petitioner may withdraw a petition. The Agency may retain a copy of a withdrawn petition and any supporting data and information.

§ 177.99 Demand for action.

A petitioner may demand action on a petition if the Administrator has not acted on the petition within the timeframes in FFDCA section 409(c)(2). Upon receipt of such a demand, the Administrator shall take appropriate action under FFDCA section 409(c)(1).

40 CFR Ch. I (7–1–04 Edition)

Subpart F—Submission of Scientific and Technical Information

§ 177.102 Data and information required to support petition to establish a food additive regulation, to increase a tolerance, or to remove a condition on use.

A petition to establish a food additive regulation, or to modify a food additive regulation by increasing a tolerance for a pesticide residue in or on a processed food or by removing any other condition of use of a food additive, shall include the following data and information:

(a)(1) The name and composition of the food additive that is a subject of the petition, and the chemical composition of each component of the food additive.

(2) The name, chemical identity, and composition of each pesticide residue that is a subject of the petition.

(3) The identity of the processed food(s) in question.

(b) A statement of any conditions of use proposed for the food additive, including all directions, recommendations, and suggestions proposed regarding the use of the food additive, i.e., the amount, frequency, method, and time of application or other use, and a copy of its proposed labeling.

(c) Full reports of investigations made with respect to the toxicity of the food additive and of its safety for the proposed use, including full information as to the methods and controls used in conducting such investigations.

(d) The results of tests to determine the identity and amount of pesticide residues in or on the processed food resulting from the proposed use of the food additive, including a description of the analytical methods used, and a description of practicable methods for measuring such pesticide residues.

(e) Full reports of investigations made with respect to the toxicity of such pesticide residues, including full information as to the methods and controls used in conducting such investigations.

(f) All relevant data bearing on the physical or other technical effects such food additive is intended to produce, and the quantity of such food additive required to produce such effect.
